① find earlier versions  
② snippets of changes  
③ find based on location (where I was), time ("last month..."), type (ppt,...), origin ("basin loaded"), content ("about safety"), activity ("most recent")

DESIRED FEATURES		How important is this feature to you? (tick one)					How satisfied are you with this as of now? (tick one)				
		Not at all	Somewhat	Important	Very	Extremely	Not at all	Somewhat	Important	Very	Extremely
<b>Copying a file</b>											
1	Minimize time required to copy a file in a desired location										
2	Minimize navigation path to find desired location										
3	Minimize likelihood that it will be copied in a wrong location										
<b>Creating a file</b>											
4	Minimize time required to create a file in a desired location										
<b>Finding a file</b>											
5	Minimize time required to find a file				✓						
6	Minimize likelihood of finding wrong file			✓			✓				
7	Increase likelihood of finding most appropriate files				✓						
<b>Finding similar or related files</b>											
8	Minimize time required to find related or similar files (e.g. all files related to a project)			✓							
9	Minimize navigation path to find related or similar files										
10	Increase likelihood of finding most related or similar files										
<b>Comparing files</b>											
11	Minimize time required to compare files (e.g. different versions a document)		✓								
12	Minimize navigation path to find related or similar files										
13	Increase no of files that can be compared at once	✓									
14	<b>Categorizing files</b>										
15	Minimize time required to categorization of files										
16	Increase no of categories that same file can belong to	✓									
17	Minimize amount of redundant files (same file copied in multiple folders)										
18	Suggest categories in case not found										
<b>Viewing files</b>											
19	Minimize time required to view file contents										
	Increase no of files that can be viewed at same time			✓				✓			
	Minimize time required in filtering / sorting										
	Increase no of fields on which files can be filtered / sorted	✓					✓				
<b>Interface</b>											
	Make copy, view, search, categorize, find related operations natural (way we do these things in physical / human world)										

Backup, Deduplication
