Ne have one BE Project students batch working with us on a project called "Relook at windows explorer - a file management tool"

Windows explorer is those from windows 95 inwards. The windows explorer Gul is accessed by everyone to navigate through the file system. Have our needs from a file manage of like "windows explorer" charged and mathematical over time?

You are requested to answer this survey in relation to the current Windows explorer file management system that you use. riease nand over --

Thanks!

	How important is this feature to you? (tick one)							How satisfied are you with this as of now? (tick one)				
DESIRED FEATURES	Not at all	Somewhat	Important	Very	Extremely	Not at all	Somewhat	Important	Very	Extremely		
Copying a file							<u> </u>					
			/				1/					
Minimize time required to copy a file in a desired location				<u> </u>			<u> </u>			<u> </u>		
Minimize navigation path to find desired location			/				/	ļ				
Minimize likelihood that it will be copied in a wrong location			V				V					
Creating a file	7		1. 1		e e							
Minimize time required to create a file in a desired location	✓											
Finding a file				;			٠.			17.3		
Minimize time required to find a file				/			/					
Minimize likelihood of finding wrong file	~											
Increase likelihood of finding most appropriate files	<u>L</u>		~	<u> </u>			/					
Finding similar or related files						5.5						
Minimize time required to find related or similar files (e.g. all files related to a project)		>				V						
Minimize navigation path to find related or similar files		\vee				\cup						
Increase likelihood of finding most related or similar files		\vee				\vee						
Comparing files									<u> </u>	- 1		
Minimize time required to compare files (e.g. different versions a document)				V		V						
Minimize navigation path to find related or similar files		>				\vee						
Increase no of files that can be compared at once	\checkmark					<u> </u>						
Categorizing files												
Minimize time required to categorization of files	<u> </u>	57-		<u></u>		ļ	/					
Increase no of categories that same file can belong to	<u> </u>			V		V						
Minimize amount of redundant files (same file copied in multiple folders)			/			/						
Suggest categories in case not found			/			/						
Viewing files												
Minimize time required to view file contents	/											
Increase noof files that can be viewed at same time	/				L	<u> </u>						
Minimize time required in filtering / sorting	/											
Increase no of fields on which files can be filtered / sorted	<i></i>											
Interface												
Make copy, view, search, categorize, find related operations	/											
natural (way we do these things in physical / human world)
